

- I. This is open to all Engineering and BCA students.
- II. Registration is completely free.
- III. Problem Statements are given at www.hacktofuture.in
Choose any two problem statements and write an abstract for each as per abstract guidance given and submit to us during the registration.
- IV. Top 30 teams (10 teams for each Problem Statement) will be chosen with respect to the abstract. The selected students will be announced on or before 7th February 2024.
- V. Event starts at 9.00 PM on 19th February. The registration opens at 8PM at St. Joseph Engineering College, Vamanjoor.
- VI. Please use the QR Code for registration which will be shared for the selected participants via mail. This QR code is necessary for availing food facilities as well.
- VII. The hackathon has three stages.
 - After 12 hours i.e, at 9AM on 20th February we will be asked by the company to suggest an implementation that they would expect in the project and these will be with respect to the abstracts submitted. Hence changing the solution is unacceptable. You can decide if you want to implement the changes or leave it. This is to reduce anyone from using plagiarized code.
 - After 20 hours i.e, at 6PM on 20th February the judges will have a first round of evaluation. We request you to, at this stage, show your PPT presentation and progress of the solution. During presentation please address yourself with the Team code given to you.
 - After 36 hours i.e, at 9AM on 21st February the hackathon ends and you will present your final stage of solution. At this stage we request you to reduce the initial presentation as it will be done during the second stage.
- VIII. Please do share the Github Link with the mentors at the beginning of the hackathon for commit count and monitoring for Plagiarism.

Open Theme (24 hours):

- I. This is open to all students studying 1st Year BE.
- II. Registration is completely free.
- III. Problem Statements are on the theme “**SOCIAL INNOVATION**”. Write an abstract for your Problem Statement as per abstract guidance given and submit to us during the registration.
- IV. Top 10 teams will be chosen with respect to the abstract. The selected students will be announced on or before 7th February 2024.
- V. Event starts at 9.00 AM on 20th February. The registration opens at 8AM at St. Joseph Engineering College, Vamanjoor.
- VI. Please use the QR Code for registration which will be shared for the selected participants via mail. This QR code is necessary for availing food facilities as well.
- VII. We encourage you to not use any plagiarized code.
- VIII. Please do share the Github Link with the mentors at the beginning of the hackathon for commit count and monitoring for Plagiarism.
- IX. Submit your Presentation in PDF format. PDF should be named after the Team Code.
- X. A link of the project should be included in the PDF.
- XI. Presentation must be sent to hacktofuture+open@sjec.ac.in
